'Summer of Suspense' is an experiment – as most days, of late, have been – in alternative forms of getting together. Over the course of seven weeks 42 local artists develop a show that continually evolves and accumulates. Three days a week (Tuesday, Thursday, Saturday) two artists come to Kunsthalle Zürich to install, perform or present a work, with a toast at 6 pm for those who stop by. From the 12 July till the 30 August all 42 works stay on view until late summer, by which time a new season and sentiment might be afoot.

Curators: Daniel Baumann and Matthew Hanson

There shall be no press conference for this exhibition. Nonetheless, visits from the press are welcomed at any time as the exhibition develops. More images will become available bit by bit.
